

# CREDIT AND GRADING

## The Elder Law Clinic

This clinical program is a **four** hour course. A student is expected to work an average of **10 hours**, which includes a two-hour lecture component. E-Clinic is not a traditional classroom course, and the student is expected to work as an attorney to complete his assigned project or task, be it 10 hours or not.

The grade for this course is a composite of the written evaluation (form attached), your participation and performance in class, your performance in field experiences, and your clinic case files. Your performance will be evaluated in several respects.

- We look first at your overall competence at the end of the course.
- Second, we consider your enthusiasm and willingness to take on new challenges in a professional manner.
- Third, we weigh the amount and quality of work you do in both your cases and in class.
- Fourth, we place great emphasis on how clearly and how well you think, speak and write, as demonstrated in the classroom and in your handling of cases.
